

# Sai Emmani

1-514-621-6467 | E: s.emmani@yahoo.com  
1280 Rue Saint Marc Apt 910,H3H2G1

## PROFESSIONAL SUMMARY

Passionate engineering graduate aspiring to be an enthusiastic solution developer and participate in development of intelligent systems.

## SKILLS

- Python
- ITIL
- Agile
- LES
- Software development
- Testing and maintenance
- Java
- Crystal Reports
- Database: SQL

## EXPERIENCE

### SOFTWARE ENGINEER

08/2015 to 08/2017

**Tech Mahindra | Hyderabad, Telagana**  
**GlaxoSmithKline**

LIMS LabWare

- Involved in User requirements, System requirements, and Design Specification reviews of project
- Executed standardized procedures, to receive data from instruments and OneCDS (Empower)
- Generate reports at manufacturing sites that do not have an electronic laboratory execution system
- Tested through creating population of an experiment using the ELN (electronic laboratory notebook) module within LES
- Played key role in project implementation of LabWare version 7 at GSK Manufacturing site

Agile PLM

- Worked closely with real-time business workflows and requirements of the project
- Created changes and managed the artwork through Agile PLM(Product Life Cycle Management) and AMS(Artwork Management System) in ITIL
- Tested developed work in validated environment through user-acceptance testing and tracking defects
- Followed through customization of integrations in Oracle Agile PLM
- Conducted regression testing, analyzed results and submitted observations

## EDUCATION

**Masters of Science | Electrical And Computer Engineering**  
**Concordia University, Montréal, QC**

2019
